## Perimeter/Outfall Onsite Inspection

Date of inspection:    /    /

\_\_\_ Perimeter/Outfall Approved

\_\_\_ Perimeter/Outfall Insufficient see comments for improvements need.

## Comments

This is a list of insufficient areas dealing with the perimeter/outfall erosion control measures that need to be fixed before permit can be signed and considered valid. **No other land disturbance except that done to install perimeter/outfall erosion control measures can occur until this permit is signed.**

--

## Contact for Re-Inspection

Name	Kevin Feder
Street Address	311 W. 1 <sup>st</sup> St.
City ST ZIP Code	New Albany, IN 47150
Work Phone	(812)-945-9936
E-Mail Address	kfeder@floydcounty.in.gov

## Inspectors Signature

Once this permit application is signed it is then considered a valid Perimeter/Outfall Protection Permit and a Storm Water Pollution Prevention Plan Permit. **Only after this permit is signed can any land disturbance besides that done to install perimeter/outfall measures proceed.**
